## SCI-SPECTRA ODYSSEY THROUGH THE TIME TRAVEL! SCIENCE-EXHIBITION

As the weather was becoming freeze here comes the time for our very own JGS Science exhibition and this time the theme was -Odyssey through time and space... Science exhibition in primary schools several important purposes that contribute to the overall development of students. Science exhibition provides a platform for introducing students to the method, including observation, hypothesis formation, and experimentation and drawing conclusions. These foundational skills are crucial for future scientific inquiry.

The Theme that was planned and executed from Pre Primary to Grade III in the form of Time- Machine (From 1947 to 2023 -The land of the enlightened.) Every Johnsonite participated in the event, every student participated enthusiastically, every corner of the primary block was bright and colourfully decorated and had been given a life to enter the ancient time to the new era.

Science exhibition of the year 2023 was phenomenal hit. As science exhibitions make learning enjoyable and exciting cultivating a love for learning at an early age. When children find joy in scientific concepts, they are more likely to develop a lifelong interest in the subjects.

## THE BLOOMING TALE-Children's Day !!

Children's Day is a special occasion dedicated to celebrating the innocence, exuberance, and boundless potential that children bring into our lives.

Children's day serves as a reminder to appreciate and safeguard the innocence, recognizing that it forms the foundation for a healthy and happy childhood. The day was celebrated at school with promptness and innocence. Students thoroughly enjoyed the special assembly conducted by the teachers. Students received DIY badges /card from their teachers. It prompted us to create an environment where children can flourish where their natural curiosity is encouraged.

It was a day to celebrate the colourful and imaginative worlds that children create through play, art, and storytelling.

## CARNIVAL CELEBRATIONS

*"Carnivals bring out the child in everyone."*

JGS Crazy Carnival, a highly-anticipated annual event, took place on 18th November, transforming the school grounds into a bustling hub of joy, excitement and togetherness for Grade IV & V. Students, families, and community members gathered to enjoy a fantastic day filled with games, rides, entertainment, and delicious treats.

The event proved to be an outstanding success, uniting the local community and showcasing the school's commitment in providing not only quality education but also memorable experiences for all the students along with the parents.

## DIWALI- Festival of lights

**"The festival of Diwali teaches us to be the light in someone else's darkness."**

Diwali holds much significance for Hindus and marks the victory of good over evil, light over darkness, and happiness over despair. According to Hindu mythology, Lord Ram returned to Ayodhya on this day with Mata Sita and Lakshman after completing 14 years in exile and defeating Ravan. With the special assembly students were explained the importance of Diwali, songs, speeches, dance. .Oh !! What a Celebration. The festival spiritually signifies the victory of light over darkness, knowledge over ignorance, good over evil, and hope over despair. Children decorated diyas with colors and glitter.

## CHILDREN'S DAY-Happiness Within !!

"The greatest gifts you can give your children are the roots of responsibility and the wings of independence."

A special assembly, skillfully presented by the beloved teachers where the Johnsonites have actively participated in the assembly.

The Young Johnsonites enjoyed the activity on Children's Day which was remarkable. The school buzzed with joy as students engaged in various fun activities and performances. From Fashion Show to Talent Hunt, the day was filled with laughter and camaraderie. Teachers and staff joined in the festivities, creating a warm and inclusive atmosphere for the children. The event not only celebrated the spirit of childhood but also fostered a sense of unity and happiness within the school community. The assembly featured a spectrum of performances, ranging from the significance of the day, words of inspiration, and thoughtful articles, to a lively and lovely songs performed by their beloved teachers.

## SCIENCE FAIR !!

"Every brilliant experiment, like every great work of art, starts with an act of imagination".

Science Fairs give students an opportunity to individually investigate a scientific problem. Students complete individual or team projects in which they are required to formulate a question, research a topic, design an experiment, collect and analyze data, and form a conclusion based on their work.

The young Johnsonites had enthusiastically participated in the exhibition which promoted curiosity, exploration and experimentation among the scholars but also to gauge the interest of students in science and technology.

Static and Working Science along with creative Arts Models, prepared by students were displayed in the school. Students confidently explained about their models and the science behind them. The students showcased their creative side through their artistic compositions in the form of creative models.
