

VANMAHOTSAV Celebrating Nature with Creativity

As part of **Vanmahotsav**, Pre-Primary students engaged in enriching hands-on activities that highlighted the value of nature and environmental care. The week began with the **Story Bag activity**, where children explored the heartwarming tale of *The Giving Tree*. Through storytelling and discussion, they learned the essence of kindness, selflessness, and the enduring gifts of nature. To complement the theme, a **Fine Motor Skill activity** – *Nature Collage* – was also conducted. Children used leaves, twigs, petals, and other natural materials to create vibrant collages, enhancing their creativity and coordination while deepening their connection with the environment. The celebration fostered environmental awareness and creativity, making learning joyful and meaningful without the burden of books or bags.

BROWN DAY

Nurture Our Mother Nature

Brown Day was celebrated with great enthusiasm to help children appreciate the beauty and importance of nature. The color **brown**, symbolizing the earth, soil, and trees, reminds us of our deep-rooted connection with the environment. To mark the occasion, students and teachers came dressed in lovely **brown attire**, embracing the spirit of nature. Classrooms were adorned with earthy tones and decorated with brown objects from the children's surroundings. Engaging activities such as **rhymes, craftwork, and object identification** were conducted to make learning fun and meaningful. Through these hands-on experiences, students were encouraged to reflect on the importance of conserving natural resources and nurturing our environment. The day was a joyful reminder to value the gifts of Mother Earth and take steps toward a greener and healthier planet.

BUILDING SKILLS THROUGH PLAY - A WEEK OF LEARNING

Our little learners explored a fun-filled week packed with hands-on activities that promoted **gross motor development** and essential life skills.

From practicing **table etiquette** and refining their **pencil grip** through playful exercises to discovering the magic of science with an **EVS experiment - Sink or Float**, every session was designed to spark curiosity and independence.

Circle Time turned into a memory-boosting adventure with a delightful **Memory Game**, encouraging focus and recall. Children also learned about **classroom etiquette**, developing respect, patience, and cooperation. To wrap up the week, our young **Mystery Solvers** enjoyed solving puzzles during **Puzzle Time**, engagingly promoting problem-solving and critical thinking. Each activity was thoughtfully curated to support the holistic growth of our pre-primary children – making learning joyful, active, and meaningful.

GURU PURNIMA - HONOURING OUR GUIDING LIGHTS

On the special occasion of **Guru Purnima**, our little learners from the pre-primary and primary sections celebrated the day by reciting **shlokas** in class with devotion and joy. The activity aimed to instill respect for teachers and introduce the significance of this traditional festival. Dressed in traditional attire, the children chanted simple Sanskrit shlokas, expressing gratitude towards their gurus - their first guides in life. The atmosphere was filled with reverence and positivity, as the students learned the value of knowledge, discipline, and respect. It was a heartwarming celebration that nurtured cultural values and spiritual growth from a young age.

A JOYFUL BONALU

The Pre-Primary children at school celebrated Bonalu with great enthusiasm and festive spirit. Dressed in vibrant traditional attire, the little ones participated in a special colouring activity that introduced them to the colourful essence of this age-old festival of Telangana. Through stories and guided interaction, they learnt the cultural significance of Bonalu – a celebration of gratitude, devotion, and community. The young learners not only enjoyed the artistic fun but also appreciated the beauty of this traditional festival.

INTERNATIONAL TIGER DAY CELEBRATION- ROAR TIGER

To mark **International Tiger Day**, our enthusiastic pre-primary and primary students took part in fun-filled activities that celebrated the beauty and importance of wildlife, especially the majestic tiger.

Children enjoyed **tiger face painting**, where their faces were creatively transformed into little tigers, adding excitement and joy to the day. As part of a **language-integrated activity**, they also participated in **animal mask making**, where they crafted and decorated masks of various jungle animals while learning their names, sounds, and interesting facts. These hands-on activities helped nurture creativity, build vocabulary, and instill a sense of love and care for animals among our young learners.

Doctor's Day - A Tribute to the Healing Hands

Guiding light in the darkest times

National Doctor's Day, observed on **1st July**, is a heartfelt occasion to honour the unwavering dedication, compassion, and service of doctors who work selflessly to heal and save lives. To commemorate this special day, our school organized a meaningful celebration that highlighted the noble profession of medicine. Students enthusiastically participated by dressing up as doctors, while teachers transformed the environment into a mock hospital, complete with medical equipment and props to reflect the crucial role of healthcare professionals. The day served not only as a tribute to doctors but also as an opportunity for students to understand the importance of health and the immense contribution of medical professionals to society.
