

A HEARTWARMING FOUNDER'S DAY CELEBRATION The journey continues, and the impact grows.

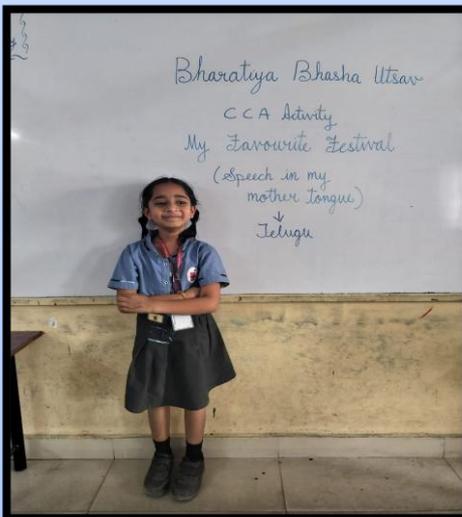

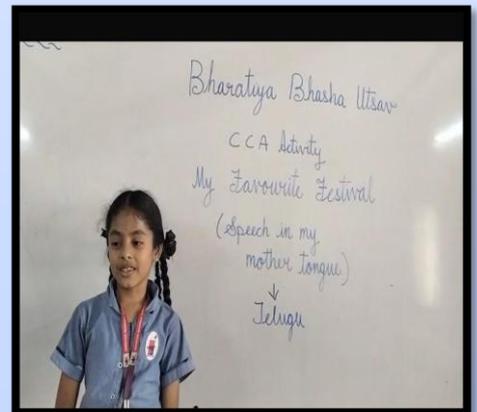

Founders' Day is celebrated in our school with great joy and excitement. It is a special day when we remember and honour our beloved Founder, Shri S.R.N. Mudiraj Sir, whose vision and hard work helped to build our wonderful institution, **JOHNSON GRAMMAR SCHOOL**. The celebration paid homage to the visionary leader whose dream laid the cornerstone of our esteemed institution. The morning began with a touching floral tribute to Shri S.R.N. Mudiraj Sir, as tiny hands carefully placed blooms before his portrait, their eyes wide with wonder at the stories of our school's origins. It was a memorable day that helped our little ones learn the value of gratitude and respect for those who have shaped our school's journey.

JOY OF FESTIVALS

There's just a completely different vibe at festivals. Everyone wants to enjoy the day."

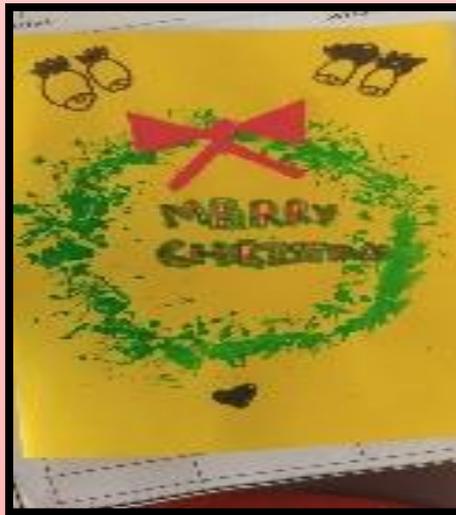

A speaking activity on different Festivals was conducted for the Grade -II students to encourage self-expression and respect for linguistic diversity. This activity encouraged students to speak about festivals with confidence and joy in their own mother tongues. Students spoke about how festivals are celebrated in their families and communities, and communicating ideas in their mother tongue helped them to express their thoughts freely and naturally. This activity motivated students to listen attentively and paved the way to appreciate the richness of different languages and cultures. This activity helped to build confidence, improve listening skills, and promote respect for different languages and traditions.

A JOYOUS CHRISTMAS CELEBRATION

"Every time we love, every time we give, it's Christmas."

The Christmas spirit filled the campus with joy and excitement as our Grade I and Grade II students celebrated the festival with great enthusiasm. The day began with a special assembly where children spoke about the true meaning of Christmas – sharing, caring, and spreading kindness. A cheerful Christmas carol medley performed by the students added melody to the festive atmosphere. The highlight of the celebration was the delightful dance performances by the little ones, dressed in vibrant red, green, and white. Their energetic steps and happy smiles brought the stage alive. The arrival of Santa Claus added excitement as he greeted the children and shared sweets, making the moment unforgettable. As a part of the activity, students enthusiastically participated in a fun and creative craft activity. It was truly a heartwarming celebration that left our young learners with cherished memories of the season.

CARING FOR OUR PLANET

“Save Earth today for tomorrow, conserve today, preserve tomorrow”

To create awareness about protecting our environment, Grade II students presented a thoughtful and lively assembly on “Caring for Our Planet.” The presentation aimed to help children understand the importance of saving the Earth and adopting eco-friendly habits in their daily lives. The young learners confidently shared simple yet powerful messages about how the Earth is our home and why we must keep it clean and green. They emphasized that turning off lights, not wasting food, and saying no to plastic help in caring for our planet. The presentation encouraged everyone to be responsible and kind to nature. The assembly was both educational and inspiring, leaving the audience with an important message: if we take care of the Earth today, it will take care of us tomorrow. Hence, students truly showed that even young minds can lead the way toward a cleaner and greener future.

BHARTHIYA BASHA UTSAV CREATION OF LANGUAGE TREE

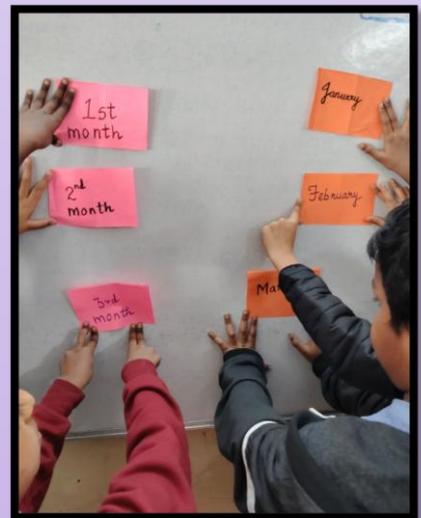

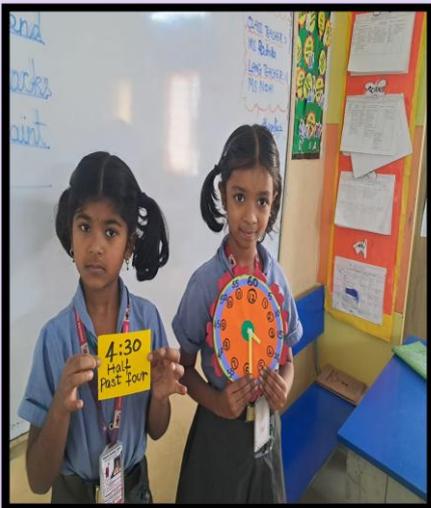

The Bhartiya Bhasha Utsav was celebrated with great joy and colourful expressions by the students of Grade I and II. The event aimed to help young learners appreciate the richness of Indian languages and understand the beauty of linguistic diversity in our country. One of the most engaging highlights of the celebration was the Language Tree. Students created a big tree on chart paper with branches spreading out in different directions. Each branch represented a different Indian language, such as Hindi, Telugu, Tamil, Kannada, Bengali, Marathi, Gujarati, Punjabi, Odia, and many more. The programme also included cheerful and melodious performances where children sang short songs and rhymes in multiple Indian languages.

A mela was also arranged where students dressed themselves in different state attire, they displayed the food, instrument and a book of that particular state. Students enjoyed expressing their views about their favourite festival in their own mother tongue. The students were happy to showcase themselves, and it helped them to gain knowledge of various states.

MATH MASTERS ACTIVITY (MATHEMATICS DAY) Counting Time, Naming Months

To celebrate **Mathematics Day**, an engaging and hands-on activity was conducted for our Grade II students on identifying time and months of the year. The activity aimed to help young learners understand these important concepts in a simple, interactive, and enjoyable manner. The students enthusiastically participated by identifying months using colourful flashcards and confidently naming the correct month. They also learned to read time using clocks – both drawn on the board and through creative clock models. The students actively read different times, such as o'clock and half-past, making learning meaningful and practical. The **Mathematics Day** celebration was both educational and enjoyable, helping our young learners strengthen their basic math concepts while having fun. It was a wonderful learning experience that truly showed how mathematics can be learned joyfully and creatively!

BAGLESS DAY ACTIVITY - LEARNING WITH PEBBLES

Tiny Hands, Big Creativity!

To make learning joyful and hands-on, teachers conducted an engaging activity on Bagless Day using pebbles. Students actively participated and turned simple pebbles into beautiful masterpieces through a joyful **Pebble Painting Colour Activity**. With bright colours, careful strokes, and lots of imagination, each child expressed their creativity while enhancing fine motor skills, colour sense, and concentration.

This hands-on activity was not just about painting—it was about exploring textures, building confidence, and celebrating individuality. Watching our young learners with their hands filled with colours and their display of painted pebbles, truly made the classroom come alive with smiles and excitement.

From ordinary stones to extraordinary art – our Grade II stars truly rocked it!

LEARNING OPPOSITES THROUGH ACTIVITY

“The more that you read, the more things you will know. The more that you learn, the more things you remember.”

An engaging activity on opposites was conducted for the Grade II students to help them understand words with contrasting meanings. The session began with a brief discussion where students shared familiar opposite words, such as **big-small, hot-cold, and day-night**. Flashcards and pictures were used to make learning interesting and interactive. Students eagerly identified and spoke the opposite words shown by the teacher. They also participated in action-based learning by acting out opposites like **fast-slow and happy-sad**, which made the class lively and enjoyable. To strengthen writing skills and deepen understanding of the concept, students were asked to write the opposite of the given word. They were also encouraged to draw and color pictures representing opposite pairs. Overall, the Opposites activity was a joyful learning experience that helped students understand the concept clearly through fun, interaction, and creativity.
