

FATHER'S DAY CELEBRATION

"A father is a pillar of strength, a guiding light, and a lifelong mentor."

To celebrate the unwavering love, care, and sacrifices of the everyday superheroes, the students of Pre-Primary expressed their affection through beautifully handcrafted Father's Day cards. With tiny hands and big hearts, the children showcased their creativity while pouring their love and gratitude into heartfelt messages and colourful creations. Their thoughtful expressions reflected the special bond they share with their fathers and served as a touching tribute to the invaluable role fathers play in their lives. The celebration was a joyful occasion dedicated to honouring fathers for their unconditional love, constant encouragement, and selfless sacrifices.

WHITE WONDERS AND YOGA BLISS

"Where fitness meets purity and peace blossoms with every smile."

Our Pre-Primary students joyfully celebrated International Yoga Day along with White Colour Day, beautifully blending the values of health, harmony, and serenity. International Yoga Day, observed globally on 21st June, highlights the importance of yoga in nurturing physical, mental, and emotional well-being. The celebration was made even more meaningful by the inclusion of White Colour Day, in which the colour white symbolized purity, peace, positivity, and the expansion of energy. Dressed in white, the little learners enthusiastically performed simple yoga asanas with great enthusiasm and confidence, embracing the spirit of mindfulness and wellness.

Adding a creative touch to the celebration, the children enjoyed a delightful cotton-pasting activity, crafting adorable sheep while enhancing their fine motor skills and creativity. The event served as a wonderful opportunity to instill the values of discipline, self-awareness, creativity, and inner peace, encouraging our young learners to adopt healthy habits from an early age.

Moving to the Rhythm of Joy

“Where music plays, hearts dance, and little feet create beautiful memories.”

The Pre-Primary students enthusiastically participated in a fun-filled Music and Movement activity, where rhythm, dance, and joyful expressions filled the air. The little ones clapped, jumped, twirled, and moved gracefully to lively tunes, enhancing their coordination, confidence, and creativity. Their smiling faces and energetic participation made the session a delightful celebration of happiness and learning through movement.

Nature Walk

"Every step in nature is a discovery."

Learning comes alive when children explore the world around them. As part of experiential learning, our Pre-Primary students embarked on a delightful Nature Walk around the school campus. They eagerly observed the beauty of trees, colourful flowers, fluttering butterflies, chirping birds, and the gentle breeze. The activity encouraged them to appreciate nature, enhance their observation skills, and develop a sense of curiosity about the environment. It was a joyful and enriching experience that helped our little learners connect with nature while learning beyond the classroom.
